Sale Yards:

Do you have or care for children going to (or about to go to) Onewhero Area School.

Do you ever get stressed because you need money for school expenses and it's not available?

Ever wondered 'how am I going to pay for that trip/camp?' or ever thought 'I wish school expenses weren't so constant?'

There is a solution if you are a stay at home parent or work on a part time basis.

Here at Onewhero we have an amazing opportunity to work for our fees and school expenses.

You may have heard of the Sale Yards in Tuakau. They have given Onewhero Area School parents and

caregivers the chance to work in the café there as a fund raising opportunity for their children's education.

Parents and/or care givers work in the café, on a roster, making sandwiches, wiping tables, etc. The café in turn then sends the profits made from the café to the school every 6 months, at the end of February and the end of August.

When the pay-out comes in the coordinator informs the school of how many shifts people have worked. The profit is then divided into the number of shifts. The parents /caregivers who worked the shifts are then given a share of that profit into their child's school account.

For example (this is a rough example for the ease of understanding how it works and not actual figures of the profit or the number of shifts over a 6 month period) The profit from the café is \$5000, there are 100 shifts.

$$\$5000 \text{ divided by } 100 = \$50 / \text{ shift}$$

*Wilma Wonka works 10 shifts over a 6 month period.
10 x \$50 = \$500*

Wilma Wonka gets \$500 (tax free) into her children's school account.

So when are the shifts?

At present we work on Mondays and Thursdays.

Monday's shifts are 9.15 - close of sale (usually about 2pm but maybe earlier or later depending on the size of the sale),

Thursday has 2 shifts 9.15 - 12.30 and 12.15 - close of sale (about 3.30 - 4pm but maybe earlier or later depending on the size of the sale),

Mondays count as a shift and a half (coz it's longer and involves cleaning).

Thursday mornings are 1 shift, afternoon is a shift and a half (as it includes cleaning). I need to find 6 workers every week so the more people on the list the better.

There is something to take note of however. Whilst the money does go to your child's school account it is counted by the school accounting processes to be a 'donation to the school'. So you can't redeem it for cash and if you leave the school, the money stays with the school and can't be returned. When the money is received by the school it will be automatically allocated to any outstanding fees including Activity Donation. This will be clearly shown on your statement so that you can track your credit.

The sales yard money can be used for school fees, photos, trips, camps, sports fees, stationery and uniform while still in stock at the office.

So it's up to you, work a lot or work occasionally (e.g. 1 shift x month) or become an emergency helper. Some choose to work each Monday in a month or every 2nd week. But, as I said before, every now and then, I get a phone call to say that the person can't make it so I have to find someone who can. So it's also great to have emergency backup people.

There is also a need for someone to take on this roster. I have done this roster for over 10 years and my children are almost finished at the school. You will be awarded shifts for your time.

NOW is the time to get money for your children's school costs e.g. Camps for the end of the year!

Lots more people are needed. Please don't put it off! If you are at all interested or have more questions then
